LOGNOTE -- Chief, Operations Group, 7 February 1984

1. Following from this morning's staff meeting: 25X1
- Agency top brass are all on the Hill this week trying to kill FOIA. 25X1
- The DCI is up in arms about leaks. There was a very serious one recently in Aviation Week. He has appointed an 'NIO of
-
-
-
- AD/FBIS likes recommended air conditioning plan for the Computer Center and told AS to get on with it. DRD should follow up. 25X1
- 25X1
- is attending a DD/S&T meeting on security violations which have been epidemic in S&T lately. All supervisors should make sure their people are sensitized to security concerns and that a thorough check and double check system is in place in all components. 25X1
- leaves on 1 March. 25X1
- There is a rumor of some reduction in GEHA rates in 1984. At best, this probably means rates won't be increased again. No bets.
